Exhibit 7

Hi again-

I spoke with the Provost's office. It doesn't sound like this is an issue but there is a grievance procedure for the university for those who believe they have been discriminated against on the basis of, e.g., disability. This procedure is in the Bu Student Life Book; I will put a copy of that procedure in your mailfile on the first floor. You would need to follow the procedure (including providing the specific information that needs to be in a memo to the Provost) that is described in that policy. It sounds to me like you are not alleging discrimination on the basis of disability but rather are not satisfied with Mr. Macurdy's determination that the transcriber is not supported by your disability. If that is the case, you would need to write a memo to Provost Dennis Berkey describing in detail what accommodation you are requesting, what accommodations that office recommended for you, why you believe the Disability Services determination was erroneous, and why you believe you could not learn our academic program without the transcriber. You also should provide documentation that might support your request. This is sent to Dennis Berkey, Provost, Boston University Office of the Provost, 143 Bay State Road, Boston, MA 02215. Please let me know if you have other questions. Thank you. Dean Marx At 06:06 PM 10/26/00 EDT, you wrote:
